

Girls Grammar looks forward to once again welcoming visiting students from our International Affiliate Schools. The School's Affiliate Program, active for more than 30 years, provides an international dimension to the lives of our students.

The School has ongoing contact and exchanges with schools in France, Germany, China and Japan.

Hosting periods are usually around 10 days for each family. We ask Girls Grammar families to include a visiting student in your routine to share experiences on both sides. Hosting opportunities are outlined below.
