

STUDENTS: students must not attend school if they are unwell

Scenario	What should you do?	What happens next?	Who do you need to contact at the School?
A student is unwell and cannot attend School for the day	Contact student reception and advise of student absence. Phone: 3332 1330 Email: StudentReception@bggs.qld.edu.au If COVID-19 symptoms , undertake testing, with priority access to RATs at Queensland Health Testing clinics.	If COVID-19 positive, Queensland Health advice must be followed. Students will be required to isolate at home and cannot attend School.	Please contact your Head of House to advise of case to further discuss
		If negative, continue to monitor symptoms. A student may only return to campus when NO symptoms are present.	If symptoms are greater than 2 days, please contact your Head of House to advise
A student develops symptoms while at School	Student will need to, or may be asked to, present to the Floreamus Centre. The student will be triaged by the nursing team and if demonstrating COVID-19 symptoms, parents will be contacted. Student will need to be picked up promptly. A RAT will be provided to undertake a test at home. Follow the instructions carefully and perform the test on your daughter.	If COVID-19 positive, Queensland Health advice must be followed. Students will be required to isolate at home and cannot attend School.	Please contact your Head of House to advise of case to further discuss
		If negative, continue to monitor symptoms. A student may only return to campus when NO symptoms are present.	If symptoms are greater than 2 days, please contact your Head of House to advise
A student's household member tests positive for COVID-19 and the student is a close contact	The student cannot attend school and will be required to follow Queensland Health close contact requirements.	The student must remain in quarantine and may only return to School following completion of the requirements.	Please contact your Head of House to advise of case to further discuss
A student tests positive for COVID-19 while in quarantine as a close contact	If COVID-19 positive, Queensland Health advice must be followed. Students will be required to isolate at home and cannot attend School.	At the end of the isolation period (7 days) a student may return to School if they are considered a cleared case. More information can be found at: Ending isolation	Please contact your Head of House to advise of case to further discuss

<p>A student's family has COVID-19 but the student has already had COVID</p>	<p>If you are diagnosed with COVID-19, you are unlikely to get COVID-19 again in the 4 weeks after you recover.</p>	<p>During this time, if you get COVID-19 symptoms again, you do not need to get tested.</p> <p>If someone else in your house gets COVID-19, you are not considered a close contact, and you do not need to get tested or go into quarantine.</p>	<p>In this instance, there is no need to contact anyone at the School to notify us of these circumstances.</p>
