## 2023 Grammar Women Reunion Guidelines

### Overview

Brisbane Girls Grammar School welcomes past students back to the School and encourages ongoing connections with one another and Girls Grammar.

The School often receives enquiries from past students wishing to organise a reunion for a particular year group or special interest group. The Grammar Women Reunion Guidelines have been prepared to assist with planning of such an event.

For official or annual events, or milestone reunions, the School's Alumnae Relations Manager will provide support to former students to assist with event organisation. This support includes event marketing and communications, registration and ticketing requirements, provision of a School venue, and food and beverage arrangements.

The success of the Girls Grammar reunion program relies on the volunteer assistance of a year level co-ordinator/organiser, who encourages their peer year to attend, helps locate past students, finalises the invitation list and assists with the co-ordination of any offsite venues (e.g. if their year group wishes to follow an official event with a social gathering off the School campus).

The Privacy Act prevents the School from providing contact details of past students to volunteer reunion co-ordinators. However, the School can:

- provide a list of 'missing' classmates' names from a specific year group
- send invitations (designed by the School) to all past students from a specific year group (where the School holds contact details)
- post a notification of the reunion on the School website which includes relevant contact details of the volunteer reunion co-ordinator
- promote the reunion on the School's events calendar and social media accounts
- share event photos after the event.
